

1SW Burnaby Beaver Colony

Virtual Scouting week of: **April 16, 2020**

You are a Scout all the time, not just at meetings! Here are some ideas for things you can do to keep the adventure going while physical distancing! You can do as much or as little as you like!

Weekly Challenge:

Go for a walk with your family and find 5 SIGNS OF SPRING

Draw a picture or take a photo to show the signs of spring you saw.

Outdoor Adventure Skill Badge Activity of the Week:

Scoutcraft 1.1 I can hang a drying line with a half-hitch or other knot.

Tie a rope between two chairs, or two trees if you are outside. (don't let your parents tie it for you!). How many things can you hang from the rope? Take a photo and send it to us!

Personal Achievement Badge Activity of the Week:

Community Beaver: Make a thank-you for essential workers, like the people who work at stores or hospitals. Your thank-you could be a sign for your window, a chalk drawing on the sidewalk, a card or drawing, or another idea you have.

Brain Teaser:

What becomes wetter the more it dries?

As always, your Scouters would like to know how you are doing Scouting At Home. Send photographs by email 1swbeavers@gmail.com. The Scouters will review the submissions and acknowledge youth for special achievement. We will give you credit for the badge requirements if you show you have done them. Please make sure you include your name!

At our weekly Zoom meetings, we will talk about your achievements and answer the brain teaser!
